Proposal Submission Form

PR# 012 – 006

Year - Seq. Nmbr

Date of Proposal: 4-2-12

Proposal Title: Combine Fundraising Instructions

Proposal Category:

Change in Policy – Current policy section and page: Section I Page one delete and replace with attached – Sample letters move to Fundraising section of the document manager.

Change in Bylaws - International or Chapter - Paragraph #: _____

Proposal Description:

Instead of having two separate instructions in fundraising -by mail and at meetings; it was decided to combine both instructions into one which meant deleting page one and combining it with page 2. Since page one contains items that are policy it will require a proposal to show that it was combined with page 2 and it was decided to drop the "by mail and at meeting" so that it just says Fundraising. It was also decided to move the sample letters to the document manager.

Reason for Submission:

While reviewing the P&G it was noted that these sections were repetitive and could be combined into one single instruction.

Positive Implications for AWMI:

Makes the P&G more clear to the user.

Financial Implications: Yes No

(If yes, specify implications on International, Regional and Chapter levels)
